3	Steve Pickering	27.25	Treads CC
4	John Wella	27.43	Team MK
5	Phil Devereaux	30.43	Day member

Wednesday evening the 45 Roadclub hosted the first running on a new course starting and finishing in Salcey forest. Forming a perfect 10 mile loop through Hackleton and Quinton the riders lined up with almost perfect conditions. A bright and warm evening with little breeze promised some good times but no one knew what was achievable on this new sporting course. A good field of 19 riders signed on all knowing today the course record was up for grabs! The early starters posted very creditable times indicating the course was running faster than expected. Chris Palfreeman unfortunately DNF suffering with mechanical problems and therefore leaving the top three places to be fought between Liam, Kevin and Justin. Justin was first to finish with an excellent time only to be knocked back by Kevin by 13 seconds. The time keepers started to relax when suddenly Liam

Stones came charging down the finish straight to post an outstanding 22.38 to set a new course record. Liam currently on top form and with the perfect conditions may hold this for some time. Next week will be on the same course until we return again in the autumn.
